Johannesburg R User Group Meetup

8th November 2022, 16h30 to 18h00 (GMT+2)

Online and In-person (Microsoft, 3012 William Nicol Drive, Bryanston)

https://www.rusergroup.co.za/our_events.html

R Community Code of Conduct

A member of the R Community is:

Open

Members of the community are open to collaboration, whether it’s on projects, working groups, packages, problems, or otherwise.

Considerate

Members of the community are considerate of their peers.

Respectful

Members of the community are respectful.

Overall, we're good to each other. We contribute to this community not because we have to, but because we want to. If we remember that, these guidelines will come naturally.

Agenda

Time	Description	Presenter

vivainsights

Analyze and Visualize Viva Leader Insights data

This is an R package for analyzing and visualizing data from Microsoft Viva Advanced Insights (previously Microsoft Workplace Analytics).

With the **vivainsights** package, you can…

1. **Run prebuilt analysis and visualizations** off advanced insights data with settings for HR variables, privacy threshold, etc.
2. Leverage **advanced analytics functions** which are built for Viva Insights metrics
3. Integrate analysis of Viva Insights data with your R workflow seamlessly

This library is compatible with the latest implementation of the Viva Insights Analyst Workbench. For the R library compatible with the legacy implementation, please visit the **wpa** package website or GitHub repository .

Events

- 8 to 10 November 2022 (on-line) – R/Pharma, a small conference with a big impact, focuses on the user of R in the development of pharmaceuticals. https://rinpharma.com/
- 26 to 30 December 2022 (Bangalore) – IISA (International Indian Statistical Association) 2022 Conference. https://www.intindstat.org/conference2022
